SKILLS & TOOLS

CONFIDENT
- React JS
- JavaScript
- Python
- Django
- HTML
- CSS
- Tailwind CSS
- Express JS
- Node JS
- MongoDB

FAMILIAR
- Angular
- TypeScript
- Java
- C++
- PostgreSQL
- SQL
- Figma

EDUCATION

Strayer University
Bachelor Information Technology
Concentration:
Software Development
December 2022
GPA: 3.6

Strayer University
Bachelor Criminal Justice
Concentration:
Homeland Security
June 2014
GPA: 3.7

CERTIFICATIONS

AWS Cloud Foundations

HarvadX CS50P Intro to Programming with Python

Vets In Tech Front End Web Development

EXPERIENCE

PYTHON / DJANGO DEVELOPER INTERN
LIVESTOCKCITY
Sept 2022 – Present

- Implemented new features using the Python and Django framework.
- Developed, Designed, and maintained all of the application phases.
- Upgraded applications, built, and created Django models.

- Recognized for superior investigation, interview, and presentation skills, presented highly sensitive cases to the board.

PROJECTS

Workout Buddy

A full stack application built in the MERN stack for you to log in your workouts. You can create an account just for yourself or use the Demo login information to test out the application.

*Be advised that once you log in, give it a couple of seconds for the server to start up.

• MongoDB • Express.js • React • Node.js

PERSONAL PORTFOLIO

Converted my personal portfolio in 2 separate projects in both React and Angular (with TypeScript), which improves user experience, scalability, and ease of maintenance.

React: Angular:

CODE   LIVE   CODE   LIVE

TAILWIND CSS PROJECT

Improved a business's front-end web page using React and Tailwind CSS to fix design issues and create a more consistent, visually pleasing experience.

• React   • JavaScript   • Tailwind CSS

CODE   LIVE

ANIME TRIVIA

The project is a trivia game that features questions about Manga and Anime, using the Open Trivia Database API to randomly select questions for the player.

• React   • JavaScript   • HTML/CSS
